

## **Travel off island during the coronavirus Pandemic**

If parents and/or children are travelling back into Jersey, you must make yourself aware of the current Government procedures with regards to testing and/or self-isolation.

Until border test results have been received, or the required self-isolation period has passed, parents must not bring their child into any of the little Giants clubs.

Parents will be required to provide evidence that they, and/or their child, have received their test results, before their child is able to attend Little Giants. Ideally this evidence should be provided to Little Giants the day before the child is due to start, to allow time for the club to sight the documentation. You can send a screenshot of your text to Little Giants to Angela on [angela@littlegiants.org.je](mailto:angela@littlegiants.org.je), or you can forward the text to 07797 855900 stating clearly who the text relates to. Test results for all members of the child's household that were off Island with them must be submitted to Little Giants before the child is able to attend.

Once this has been received, then Little Giants will confirm that the child is able to attend the club.

If you have chosen to self-isolate instead of the testing option, you will need to provide a copy of your inbound flight ticket which shows the date of your arrival back in to Jersey; the self-isolation period is currently set as 14-days.

It is the responsibility of all parents to inform Little Giants if they have been off Island anytime in the previous month before their child is due to start at any of the little giants breakfast, holiday or after school clubs, or if they are planning to go off Island and then intend to bring their child in to the club after. We would prefer that we have this information ahead of time, so that we can ensure parents fully understand what they need to do on their return.

If it comes to light after a child has started their attendance at the after school club, that their family has been off Island recently, and this hasn't been disclosed to Little Giants before the child's attendance started, then Little Giants will contact the parents who will be required to collect their child immediately from club. The child will be isolated at the club in a safe area, until the parent's arrival. Evidence will need to be provided of either testing or self-isolation, before the child is able to return to any of the clubs, as per these Terms & Conditions.

## **Session Changes – During the Coronavirus Pandemic**

If the Government of Jersey, or the Track & Trace Team, or any other relevant authoritative body, deem it necessary for any child attending to self-isolate due to Coronavirus (whether that is an individual, small group, or the entire club attendance), or the club is closed down due to 'Stay at Home' orders ('lockdown') or similar, Little Giants will not be liable for a refund of fees, or credit of fees to accounts, and will instead apply our usual minimum 5 working days' notice cancellation policy.

This means, that we will treat the required self-isolation of any children, or the forced closure of the club, with 5 working days' notice conditions on all relevant bookings,

In the event of another long closure (lockdown) something that is out of our control. Cases will be discussed with the individual families depending on payments already made for future bookings this will depend on the amount of time that the club will be closed for.

### **Exclusion after Sickness**

If your child is unwell at home with sickness and/or diarrhoea, they should be kept at home for **a minimum of 48 hours following the last episode of illness**. If they are sick and/or have diarrhoea at the club, there must be a minimum period of 48 hours following the last episode before they return to the club. We ask that your child must be well enough to eat a normal diet when they return.

### **Exclusion after Sickness – During the Coronavirus Pandemic**

If your child or any member of your household shows symptoms of the Coronavirus at home, do not bring them in to Little Giants. You should immediately contact the Coronavirus Helpline for advice, and contact Little Giants as soon as possible after this to let them know the outcome of this conversation.

If your child has been sent home from Little Giants with suspected symptoms of the Coronavirus, then you must:

- Immediately isolate yourself and your household.
- Call the Coronavirus Helpline (tel. 01534-445566).
- Follow the advice of the helpline, and as soon as possible, advise Little Giants of the outcome of the discussion with the helpline.
- You will need to allow a minimum of 48 hours being symptom free, before the child is allowed to return to Little Giants again.

### **Disclosure of Information with regards to the Coronavirus Pandemic**

If we are required to provide information to the Track & Trace Team, the Coronavirus Helpline, or the Government of Jersey during Coronavirus pandemic, then Little Giants will share only the relevant and specific information requested and for this purpose only. At present, the information that we can be requested is related to who was in the premises at a particular time, who may have been in close contact with the particular individual, names, and contact phone numbers
